Objective

I am a second-year IT student who enjoys coding and learning new things. I want to join the CSI-PCE club to improve my skills, work on real projects, and learn from others in the tech community.

Skills

• Web Development: HTML, CSS, JavaScript (Basic)
• Programming Languages: Python, C, Java
• Tools Used: VS Code, GitHub (Basic)

Projects

1. Momo Shop Website
Created a simple and clean website using HTML, CSS, and JavaScript for a momo shop. It includes product pages and a good-looking design.
🔗 Website: https://shankarsirmal.github.io/Little-Momos-Shop-v3/

2. Class 12 Projects
Made small projects in Python and C such as calculator apps, file organizer, and basic games.

Education

• Pillai College of Engineering
  B.E. in Information Technology (2024–Present)
  Mumbai University

• Kendriya Vidyalaya, Bhandup
  HSC (Science) – Passed in 2024 with 72.8%

Achievements

• Good academic performance in college and school
• Built many mini-projects since Class 12
• Always eager to learn new technologies and improve skills

Why I Want to Join CSI-PCE

I want to join CSI because I am passionate about technology and development. Being part of this club will help me grow, work on real-life projects, attend tech events, and improve my knowledge by collaborating with others.
